

Covid19 Safety Protocols

for all students, parents, staff, lessors and guests

Welcome to our Hillel, an inclusive community where all students are welcome to enjoy our space, share in our camaraderie, and attend our programs. The safety and well-being of our participants is always our primary concern, so please follow these health and safety protocols carefully. Please note that even with our enhanced infection and disease-transmission controls and procedures in place to mitigate against the spread of COVID-19, there is a risk that you could be exposed to COVID-19.

Entering this Hillel building and/or participating in Hillel activities is your acknowledgement of this risk and your consent and agreement to comply with Hillel's protocols for control of infection and disease transmission. For the safety and welfare of all and to protect yourselves and others within the spirit of the Jewish communal practice of caring for each other, you must:

- a. **Stay away if in the past two weeks you have experienced a cough, shortness of breath, or sore throat that you cannot attribute to another health condition; have experienced any other flu-like symptoms or loss of taste or smell; have had a temperature at or above 100.4 degrees or the sense of having a fever; or had close contact with someone who is currently sick with suspected or confirmed Covid19.**
- b. **Upon entering you must:**
 - i. **read, complete and sign** the *Hillel of Colorado Consent and Agreement Form* (a new form each day). Forms are available in print and online and must be filed appropriately.
 - ii. **wear a mask** (available at Hillel) that covers your mouth and nose completely at all times and places within Hillel's facilities except when alone inside a private office or room. Food may be consumed only alone in a private office or room with the door closed. In public or common spaces – and in the presence of anyone in private spaces – you must wear a mask. You must observe all social distancing protocols, use hand sanitizer (readily available at Hillel), and wash your hands often.

Most of us have never experienced anything like this pandemic and its disruptive nature. Our Jewish tradition teaches us to be thoughtful, resourceful, and calm in the face of challenges both small and great – and to assure the health and safety of all to the best of our ability. Our sources provide us with many teachings about how to serve each other, our community, and the wider community best during challenging times. Hillel is here to help you process your thoughts & feelings and to provide you with extra support should you need it.
